

HOW TO MARK YOUR BALLOT TODAY

To vote a straight party ticket for President stamp one cross in the LARGE single square at the right of the group of electors headed by the party name; e.g. to vote for Hoover for President stamp a cross in the large square opposite the thirteen names under the word "Republican." The Prohibitionist electors are the same as the Republican but, as there is some doubt if these can be counted as part of the total Hoover vote, it is suggested that all voters favoring Hoover stamp opposite the Republican electors. To vote for any other candidate or measure stamp a cross opposite the name or the word "yes." To vote against a measure stamp opposite the word "no." The crosses on the ballot below represent the recommendations of The Times on the several issues and candidates, those recommended among the latter being in every case those The Times believes best qualified of their respective groups. Where no cross appears The Times has no recommendation to offer. It should be noted that this is a composite ballot on all issues and candidates to be voted on in this county and that no one voter will find them all on his or her ballot. For example, electors residing in the Sixty-sixth Assembly District will find in their ballots only the Assembly candidates in that district, and will vote only on them. Again, only voters residing in the city itself will vote on the city propositions, etc.

This Marked Ballot May Be Clipped and Taken to the Polls for Reference.
